

BANNOCKURN Stratagem Chair

It's all a comfort ploy.

A frame made from NZ Homegrown timber that's been carefully machined and assembled. It's been rigorously tested and is definitely built to last. Webbing is slung and foams of varying densities have been formed and layered-up to provide strategically positioned contact points and contours and that's just the inside.

At home in front of telly, a lobby, a lounge, hotel room or fire side.

PRODUCT CHARACTERISTICS

- Tub-style, contoured back and sides.
- Unadulterated luxury and comfort from the inside out.
- The perfect statement piece with surround comfort.
